Avis SoftonicMy Talking Tom est jeu qui met en scène la star de Talking Tom Cat et Talking Tom Cat 2. Le but est d'assurer le bien-être de Tom: il faut le nourrir, le caresser, l'emmener aux toilettes, le mettre au lit et jouer avec lui.Plus interactif que jamaisMy Talking Tom reprend les fonctionnalités initiales de Talking Tom Cat, mais va un peu plus loin: en tant que gardien du fameux chat, on a bien plus à faire! Les fonctions de base de Talking Tom Cat et des autres jeux d'animaux Outfit 7 sont toujours présentes. Ainsi, Tom peut toujours répéter nos paroles avec sa voix aigüe et on interagit avec lui en le touchant de différentes façons. Ceci dit, le format de My Talking Tom se rapproche davantage du jeu d'animaux de compagnie virtuel, Pou.On a de quoi s'occuper avec notre ami félin. On peut jouer à des mini-jeux, personnaliser son apparence, choisir sa nourriture et décorer sa maison. Cependant, dans cette version, il n'est pas possible d'enregistrer une vidéo de Tom comme c'était le cas dans les versions précédentes, ce qui est dommage. Des pièces, qu'on peut soit gagner au fur et à mesure, soit acheter permettent d'obtenir de nouveaux objets. Plus on passe de temps avec le chat, en s'assurant que ses besoins sont satisfaits, plus on grimpe en niveaux. Au fur et à mesure que l'on passe les niveaux, de nouveaux éléments sont débloqués en magasin. My Talking Tom comprend des mini-jeux, comme "whack-a-mole" qui permet de gagner des pièces tout en satisfaisant les besoins de divertissement de Tom.Comment jouer à My Talking TomTout comme dans Pou (et dans les tamagotchis d'ailleurs), l'animal de compagnie a certains « besoins » qui doivent être pris en compte. Ils sont représentés par des compteurs ronds situés en bas de l'écran qui diminuent lentement et doivent être remplis en effectuant une action particulière. Le principe est simple à comprendre et bien présenté la première fois que l'on joue à My Talking Tom. Les quatre besoins de Tom sont : divertissement (qui se remplit quand on caresse Talking Tom ou qu'on joue à des mini-jeux), nourriture (se remplit quand on laisse tomber de la nourriture dans sa bouche), vessie (se remplit quand on l'emmène aux toilettes) et fatigue (se remplit en mettant Tom au lit et en éteignant la lumière). Pour effectuer chacune de ces actions, il suffit d'appuyer sur l'icône correspondante du compteur.Le graphisme et la présentation de My Talking Tom n'ont pas beaucoup changé depuis Talking Tom Cat 2. Le félin semble être le même (bien qu'on puisse le personnaliser davantage) et sa voix stridente est identique. En outre, il semble que Tom soit le seul personnage du jeu (par exemple, il n'y a aucun signe de son amie Talking Ginger, ou de son voisin insupportable, Talking Ben the Dog).Notre avisLes fans de Talking Tom Cat et de Pou aimeront My Talking Tom car il combine le meilleur des deux jeux. Cependant, le fait de constamment s'occuper du chat pourrait devenir fastidieux pour certains. Learn More Developer Website App Support Privacy Policy Analyse SoftonicMy Talking Tom é um jogo de animal de estimação virtual com o famoso Tom, o gatinho falante. O objetivo deste game é cuidar do bichano: dar comida, brincar, colocar para dormir, dar banho, etc..Mais interativo do que nuncaMy Talking Tom mantém a mesma mecânica do Talking Tom Cat, mas com muitas ações e opções extras, colocando você no papel de dono do gato.Você ainda pode fazer o Tom repetir tudo o que você fala, além de interagir com o animal com toques na tela. Porém, o formato de My Talking Tom é mais parecido ao Pou e outros jogos de tamagochi (bichinhos virtuais). Você pode mudar a aparência do gato, além de escolher que comida dar e decorar a casa dele. Se ficar entediado, você pode brincar com os minijogos do game.Para conseguir itens no My Talking Tom você precisa coletar moedas durante o jogo, ou comprá-las com dinheiro real. Para passar de nível você deve cuidar do gatinho e garantir que ele tem todas as necessidades satisfeitas.Como jogar o My Talking TomAssim como o Pou, o Tom precisa ser bem cuidado. Você verifica as necessidades do gato pelos indicadores na parte inferior da tela, que devem ser "recarregadas" com uma determinada ação. A ideia é fácil de entender quando você joga My Talking Tom pela primeira vez.As quatro necessidades básicas são: entretenimento (recarregado ao cuidar do Tom ou com os minijogos), comida (recarregado quando você dá comida ao Tom), banheiro e cansaço (recarregado quando você coloca o tom para dormir e apaga a luz). Para fazer qualquer uma destas ações você só precisa clicar no indicador correspondente.AparênciaOs gráficos de My Talking Tom não mudaram muito desde a última versão do game. O gatinho continua igual e com a mesma voz, apesar de que agora é possível customizar ser visual. Aparentemente, o gatinho é o único personagem que aparece (não há sinal da sua namorada Angela ou do irritante cachorro Ben).Para fãs de PouSe você é fã do Talking Tom Cat e do Pou, vai adorar My Talking Tom, uma bela união entre os dois games. Mas algumas pessoas podem achar um pouco repetitiva a atenção constante necessária para realizar sempre as mesmas ações. Softonic reviewMy Talking Tom is a virtual pet game featuring the star of Talking Tom Cat and Talking Tom Cat 2. You need to keep Tom happy by feeding him, petting him, taking him to the bathroom, putting him to sleep, and playing games with him. The game is now Windows 11 ready.More interactive than everMy Talking Tom retains the same basic functions as the Talking Tom Cat app, but takes things a bit further, giving you much more to do, and casting you more in the role of carer.You can still do all the basic things you could in Talking Tom Cat and other Outfit 7 talking animal games, namely getting Tom to repeat what you say in a high-pitched voice and interacting with him by touching him in different ways. But the format of My Talking Tom now feels more like the virtual pet game, Pou. There's more to do with your feline friend, such as playing mini games, customizing his appearance, choosing food, and decorating Tom's house to your choosing.Another great feature is the ability to create videos of your Tom to share with the world.Getting new stuff in My Talking Tom requires game coins, which are earned as you go, or can be purchased. There's a leveling-up system where you can rank up by spending time with your cat and making sure his needs are met. As you level up you'll unlock new items and objects from the store.There are mini games in My Talking Tom, such as whack-a-mole, which give you the chance to win coins, as well as satisfy Tom's entertainment needs.How to play My Talking TomJust like in Pou (and tamagotchis for that matter), your pet in My Talking Tom has certain 'needs' that must be met. These are represented by round meters at the bottom of the screen that slowly deplete and must be filled up again by performing a particular action. The principle is simple to grasp and when you first play My Talking Tom the concepts are well demonstrated to you.The four needs meters are: entertainment (refilled by petting Talking Tom or playing mini games), food (refilled by dropping food into his mouth), bladder (refilled by taking him to the toilet) and tiredness (refilled by putting Tom to bed and turning out the light). To perform any of these actions you just need to tap the corresponding meter icon.How's he looking?The graphics and overall presentation in My Talking Tom haven't evolved much since Talking Tom Cat 2. The feline largely still looks the same (though you can customize him more) and his squeaky voice is identical. Also, it appears that Tom is the only character that pops up in the game (for example, there's no sign of his girlfriend Talking Angela, or of his nuisance neighbour, Talking Ben the Dog.One interesting feature of My Talking Tom is the ability to visit other players' houses and check out how they've decorated theirs. You can also look for treasure chests, where you could turn up more coins.There's also a mini game where you need to guess what Tom is wearing, which is quite fun, especially for younger players.Purrfect!If you're a fan of Talking Tom Cat or Pou, you'll enjoy My Talking Tom, as it blends the best elements of the two. However, some may find the process of constantly giving attention to the cat a little tedious and repetitive.
